Just a note to let you know how much we are enjoying our new CSI Home in Bishop Hill, Ill.

We moved in in May 12, 2001 and after 8 months we are totally satisfied with the quality and workmanship. As you know we brought you our plans and with one change you were able to build a house just like we wanted. Your entire staff, office, factory and erection crew were very friendly, capable, and easy to work with, we would highly recommend CSI to anyone considering to building a new home,

Sincerely  
Wayne & Sandy
